Dear Competitor,

We would like to invite you to participate in the Colorado Pure Silver Combined Test and Driving Trial on Saturday and Sunday, July 29 and 30, 2023. Entries open May 1st and close July 7.

Dressage will take place in the indoor arena on Saturday, July 29th. This 50,000' arena will have packed firm but resilient footing, measuring 70 x 40. Cones will take place immediately following on the outside cones course. The marathon course is set on 120 acres composed of grassy terrain with some areas of sand and hills.

We will be offering the option of competing in either the combined test (CT) of Dressage & Cones on Saturday or the full Driving Trial (DT) of Dressage, Cones on Saturday and Marathon on Sunday. This event is ADS recognized and can count toward the 1 of 3 events required to compete in the Preliminary National Championships in California in October or the Intermediate National Championships in South Carolina in November. We are excited to welcome our judge, Hannah Polson from Pennsylvania and TD, Keith Yutzky from Texas.

Driver/grooms will be permitted no more than twice around on marathon, as scheduling permits. No carriage/harness may be used on more than two entries. Please include information about sharing on your entry form, and be sure you have enough staff to make a quick turnout change near the start gate.

There is a permanent barn with new 10' x 10' stalls or outdoor covered stalls for overnight stalling. Hauling in for the day is also permitted. Many local restaurants and grocery stores are within a few miles. There are several hotels in the Parker & Castle Rock area. Dry camping is \$10/night on-site at the venue. There is a RV campground close by with full hook-up, if you prefer.

Come join us for a wonderful summer driving adventure. We look forward to seeing you here!
